[HB0062.pdf](#)

**Good Morning,**

**Please take a look at the attached bill that has passed the House and is now going before Senate minerals committee tomorrow at noon. It seems to be changing language about who is responsible for contamination projects that fall under the VRP. Unfortunately it did not come on my radar until I came down to work the legislature this week. Let me know if there's a good time we could talk. Please call me on my cell; (b)(6) privacy [phone #] and leave a message.**

**Thanks,**

**Deb**
